Pindot® ContourU®

Thank you for using Invacare eForms.

Invacare is pleased to offer you an upgraded solution to your ordering process. Our enhanced order forms allow you to fill out a form electronically, print and fax the form, save and email it to Customer Service, or maintain the business practices that work for you today. The format has been revised to reveal a cleaner look with electronic selection and input functions.

Adobe Acrobat Reader DC

Interactive functions of our new forms work best with the latest version of Adobe Acrobat Reader. Visit https://get.adobe.com/reader/ today to download.

Save

Adobe Acrobat Reader DC allows you to save this form with your content - to complete later or use as a starting point for your next form. Please note that content must be added and saved in Acrobat - saving content from completed forms in the browser may not be possible.

Submit

Adobe Acrobat Reader DC allows you to submit this form electronically via your email client.

Simply click the submit button below and step through the simple process.

Print

If you do not have access to Adobe Acrobat Reader DC simply print this form and complete it by hand and fax it to our Customer Service Department at:

800-834-4153

Cushion Information

CUSHION MEASUREMENTS (Only if different from frame.)

Desired Finished Cushion Width: _____ "

Desired Finished Back Width: _____ "

Seat to Back Angle is determined at design for optimal minimum foam thickness. Angle card will be provided with cushions.

21-30" width is an additional $315 fee. Over 31-44" width is an additional $850.

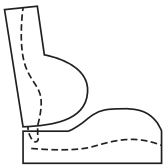

ADDITIONAL EXTENSIONS (Beyond Mold Capture Marks)

Additional Back Height: _____ "

Additional Left Leg Length: _____ "

Additional Right Leg Length: _____ "

Seat to Back Junctions (Choose the optimal interface and function. If no junction is selected, will default to fixed recline open-to-rear)

☐ UNIVERSAL (Only select when molded at 90°)

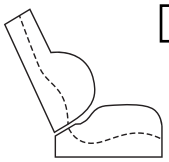

Full Gap[1]: _____"

Tongue Gap[1]: _____"

Growth[1]: _____"

Details

- Posterior pelvic wall built into the BACK cushion
- Max 3" rear hip guides for added support
- Low pivot point for seat to back angle adjustment
- Depth adjustable
- Angle adjustable for use with angles up to 105°
- Growth available

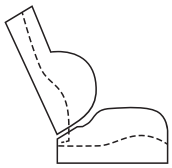

As Molded Interface

☐ FIXED RECLINE
(CLOSED TO THE REAR)

Full Gap[1]: _____ "

Details

- Posterior pelvic wall built into the SEAT cushion
- Seat to back angle built into the cushion
- No growth available
- No angle adjustability
- For use with angles over 105°

Open to the rear Interface

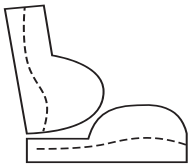

☐ FIXED RECLINE
(OPEN TO THE REAR)

Full Gap[1]: _____"

Tongue Gap[1]:_____"

Details

- Posterior pelvic wall built into the BACK cushion
- Seat to back angle built into the cushion
- Angle adjustable
- For use with angles over 105°

☐ Hip Control

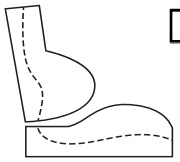

Full Gap[1]: _____"

Tongue Gap[1]: _____"

Growth[1]: _____"

Details

- Posterior pelvic wall built into the back cushion
- 1" rear hip guides for flat rear of cushion
- Low pivot point for seat to back angle adjustment
- Depth adjustable
- Angle adjustable
- Growth available

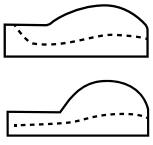

☐ PELVIC CONTROL

Full Gap:[1] _____"

1. Optional

Details

- Posterior pelvic wall built into the SEAT cushion
- No growth available
- No angle adjustability
- Interface where molding bags come together
- Higher rear hip guides

☐ SEAT ONLY

☐ As molded

☐ Open to rear
